

BEADS & DOTS

THE MONTHLY NEWSLETTER PRODUCED BY ADSOL UK

Welcome to the June 2016 BEADS & DOTS; the monthly newsletter from the team at ADSOL UK. Each month, we will keep you up to date with the latest news and information related to ADSOL UK, **The Hot Glue Machinery Experts**, and our leading Meler hot melt equipment plus hot glue machinery in general.

Whether you use Meler equipment or other (such as **Nordson**), we can support you and save you money. Also watch out for our hot alerts; if we have bit-size chunks of information that we believe will help and inform you we will get it over to you.

Best wishes, from the ADSOL Team.

TAKING CARE OF YOUR HOT MELT EQUIPMENT

We recently installed a Micron 20 tank with 2 hoses each fitted with vertical applicators and we'd like to show you a great way to make sure your heated hoses don't get damaged too easily. The hoses have been suspended overhead so that they don't get dragged around the floor or stepped on. Genius!

Ste takes on the Three Peak Challenge

Our Key Account Manager Steve Highton is due to embark on the epic Three Peak Challenge at the end of this month, to raise money for Halton Haven Hospice and in memory of his late beloved Mum: Carol Highton MBE. He could really use all of our support!
