

# BEADS & DOTS

THE MONTHLY NEWSLETTER PRODUCED BY ADSOL UK

Welcome to the July 2016 BEADS & DOTS; the monthly newsletter from the team at ADSOL UK. Each month, we will keep you up to date with the latest news and information related to ADSOL UK, **The Hot Glue Machinery Experts**, and our leading Meler hot melt equipment plus hot glue machinery in general.

Whether you use Meler equipment or other (such as **Nordson**), we can support you and save you money. Also watch out for our hot alerts; if we have bit-size chunks of information that we believe will help and inform you we will get it over to you.

*Best wishes, from the ADSOL Team.*

## Our equipment is widely compatible and has a 2 year warranty!

On one occasion this month we had to (*happily*) repeat three times to a customer that our tanks do indeed come with a two-year warranty; he just couldn't believe it!

This combined with our excellent 24/7 service makes us the ideal choice for anybody who wants to make sure their hot melt systems are running smoothly while saving on costs.

Also, just because we supply & support the award winning Meler hot melt equipment don't think that we don't support equipment from other manufacturers! Our Meler parts and systems are compatible with other manufacturers and our 24/7 support includes other systems such as Nordson.

### Challenge Completed: **Thank You!**

Well, Ste did it! You may have read in last month's newsletter or seen on our website, that our own Stephen Highton undertook the gruelling Three Peaks Challenge on the weekend of 25th June 2016; on behalf of **Halton Haven Hospice**. All money raised really assists with the vital work of this great organisation.

### **Bumper month** for our Award Winning Micron Glue Tanks

June 2016 has proved to be a bumper month in particular for sales of our **Meler Micron glue systems**; a record month for a Micron 5 Litre tanks in particular!

## Safety First when it comes to the road

We took the brilliant Christine Jordan, of the **PPMA**, up on their extremely generous offer and attended the Driver & Car Safety training event held by **Ultimate Car Control UK Ltd** (just one of the many advantages of being a **PPMA** member).

## The Timer's right in South Wales!

During a recent visit to install one of our **B4 hot melt systems** at a South Wales food company, the Engineering Manager made us aware of issues they were currently having with setting up their box making machine to control the gluing application and pattern. We told them of our **PC Star pattern controller** and some of its key benefits.
